Called out of Rules Committee  
By Supervisor Kopp

Tabled

Motion that Letter of Commendation be awarded to Richard Sklar. (Supervisor Silver)

File 6.1-81-1

Supervisor Kopp, seconded by Supervisor Walker, moved adoption.

Supervisor Silver, seconded by Supervisor Walker, thereupon moved to amend the calendared motion by substituting therefor a resolution entitled "Expressing support for and encouragement to the 4,000 employees, supervisors and members of Muni and the Public Utilities Commission, and pledging its own commitment to provide the resources and working environment necessary to enable Muni to provide our ever more important transit services."

Supervisor Kopp objected that the pending motion to amend was out of order in that it involved the form of a resolution rather than that of a motion dealing with the internal affairs of the Board, and that it was of a different subject matter than had been heard by the Committee.

After review with the Clerk and the City Attorney, the Chair ruled that Supervisor Silver's motion was a proper amendment.

Supervisor Kopp thereupon stated he was appealing from the decision of the Chair. Supervisor Nelder seconded the appeal.

The Chair thereupon stated that the question was as follows: "The question is, 'Shall the decision of the Chair stand as the decision of the Board?'"

The Chair explained the parliamentary situation as follows: "An 'aye' vote will sustain the decision of the Chair; a 'no' vote will overrule the decision of the Chair. Six affirmative votes are necessary to sustain the decision of the Chair."

The roll was thereupon taken and the decision of the Chair was sustained by the following vote:

Ayes: Supervisors Britt, Hongisto, Kennedy, Molinari, Silver, Walker - 6.

Noes: Supervisors Kopp, Nelder, Renne - 3.

Absent: Supervisors Dolson, Ward - 2.

Supervisor Silver, seconded by Supervisor Britt, then moved to table.

Motion to table adopted by the following vote:

Ayes: Supervisors Britt, Hongisto, Kennedy, Molinari, Nelder, Renne, Walker - 7.

Noes: Supervisors Kopp, Silver - 2.

Absent: Supervisors Dolson, Ward - 2.

Supervisors Britt and Walker requested that a communication be directed to the San Francisco Hotel-Motel Association, asking them to express the appreciation of the Board to those of their members who extended special rates to motorists stranded in San Francisco during the rainstorm of January 4, 1982.

#### Explanation of Vote

Supervisor Kopp requested that the record reflect his reason for voting "no" on Supervisor Dolson's motion to table Supervisor Britt's ordinance proposing the establishment of commercial rent control in San Francisco. His explanation follows:

"I voted against tabling this matter because I think it is inappropriate to take such action with respect to significant legislation which offers drastic revisions in existing City policy.

"Had there been no motion to table, those of us who feel just the opposite of the proponents of this seemingly benign but profoundly insidious legislation would have had an opportunity to give expression to our views. I would particularly have liked to have pointed out that the very reason so many sincere and hardworking people have come to believe this kind of legislation is needed because of the past legislative acts of the very people in this body who now bring this measure before us to help mitigate the damage their past legislation created. For the very people who abolished conditional use variances and foisted on San Francisco 'special use districts' and other types of governmental regulation that indeed intrude and interfere with the free enterprise system and which helped reduce the available amount of commercial space in the city are now, ironically - but with malice aforethought - professing to 'help' the people who are beset by the higher rents which are the inevitable bi-products of such government interference and overregulation.

"The sorrow of all this is that because of prior interference with the ability of people to conduct their own affairs, those who proposed this ordinance before us now claim to be the close and sympathetic friends of business people in San Francisco. But business people now suffer because of those very policies that have created the imbalance that arises anytime you start telling people what they can do and what they can't do with their private property - private property which, in the main, they achieved by the sweat of their own brow.

"So I am sorry that Supervisor Dolson made the motion to table and that this major policy matter could not be debated fully and that instead we heard only a one-sided presentation so superficial and so deceptive that one would think there was an overwhelming rationale for the imposition of another government regulation. I'd like, indeed, to see this measure on the ballot, and I would urge that its supporters gather the signatures needed to place it on the ballot, so that we can observe, once and for all, what the people of San Francisco feel about this unwarranted proposal."

#### Statement of Supervisor Walker

Supervisor Walker requested that the record reflect her statement on Commercial Rent Control, which follows:

Monday, January 18, 1982

"Today, the Board of Supervisors will vote on legislation placing controls on commercial rents. I have little hope that it has a sufficient number of votes to become law. Like so much law, it is imperfect; however, it is an appropriate response to what is an increasingly serious problem in our City - escalating commercial rents are forcing small, particularly neighborhood-serving businesses out of business. Many, perhaps most, cannot increase their prices to cover the increased rents because their customers are so economically pinched that they cannot afford to pay higher prices.

"I commit to the small business people from all around the City who came to the Board for help with their problem that I will continue to seek a solution and I urge the San Francisco Chamber of Commerce, Council of District Merchants, Real Estate Board, and any other interested parties to join me in this effort. In this spirit, I will ask the City Attorney to draft appropriate legislation that will require arbitration in settling disputes between commercial tenants and landlords through existing mechanisms which will not increase bureaucratic red-tape or government costs.

"Neighborhood-serving small businesses - the corner grocery stores, shoe repair shops, bakeries, florists, dry cleaners - are the life-blood of San Francisco neighborhoods. Neighborhood businesses are what keeps San Francisco so vital. When these businesses leave a neighborhood, they are not replaced by similar ones. Oftentimes, they are replaced by businesses that yield higher rents - financial institutions are one example. This loss of neighborhood-serving businesses creates a significant void. As business establishments are forced out, the remaining ones are also hurt because neighborhood customers, in increasing numbers, go to 'one stop' convenience operations, such as Safeway.

"Most importantly, small merchants provide not only goods, but services. Their decline is making our neighborhoods less desirable places to live - especially for people without cars, elderly people, single-parent heads of households, and others.

"My neighborhood, Bernal Heights, is being adversely affected by the loss of small, neighborhood-serving businesses. We are an isolated community because of the hilly terrain; and we are not a rich community. Bernal people need the nearby stores and shops that charge affordable prices.

"The Chamber of Commerce and the Real Estate Board have led the fight against controls on commercial rents. They say such controls interfere with the 'market' and private enterprise. They say the 'market' will take care of the problem if government will stop interfering. Well, while we wait for the 'market' to work, or for some nebulous 'voluntary' program to be set up, San Francisco is losing its small, neighborhood-serving businesses. I believe that something must be done and it must be done now.

"If we cannot legislate controls on commercial rents to help the small business person now, then I challenge the Chamber and the Real Estate Board to come up with a voluntary program. Perhaps, if they struggle with this for a while, they will begin to see that we have a significant problem now. Help is needed now."

COMMUNICATION

Adopted

Motion rescinding order of submission of proposed Charter amendment (Second Draft), adding Section 6.314, relating to the investment of pension funds and securities by the Retirement Board; and directing that proposed Charter amendment be rescheduled for Board action at meeting of February 16, 1982.

Monday, February 8, 1982

File 314-81

The Clerk read the following communication from the City Attorney, dated February 4, 1982:

Gilbert H. Boreman, Clerk  
Board of Supervisors  
235 City Hall  
San Francisco, California 94102

Re: Proposed Charter amendment adding Section 6.314, Your  
File No. 314-81

Dear Mr. Boreman:

The above ballot matter was referred to me yesterday to approve as to form after amendment by the Board of Supervisors on February 1, 1982.

It is my opinion that by reinstating Charter Section 3.301 there is now an ambiguity in this section and this amendment may not accomplish its purpose as I understand it. Depending on the Controller's interpretation, it may not streamline any investment procedures.

By reinstating Section 3.303 only, the Retirement Board would take control over the investment transactions with the Controller retaining audit responsibility.

Your office advises that this must be approved as to form immediately to meet publication requirements. Because of these time deadlines I will approve this as to form but only with the advice outlined above.

Very truly yours,

GEORGE AGNOST  
City Attorney

/s/  
DAN MAGUIRE  
Deputy City Attorney

DM:hq

File 101-81-115, Ordinance No.

Supervisor Nelder, seconded by Supervisor Kopp, moved to grant the privilege of the floor to Mr. Earl Hanson, a retired United States Naval Reserve Lieutenant. On objection of Supervisor Renne, motion failed.

In response to a question by Supervisor Hongisto concerning ownership of the statue, Deputy City Attorney Judith Teichman advised that she could not answer the question at this time. Ms. Teichman noted that although a May 17, 1931 article on the dedication ceremony in the San Francisco Examiner stated it was a gift to the City, acceptance was made by the President of the San Francisco Art Association, the predecessor of the San Francisco Museum of Art. She further noted that the Charter at the time required acceptance of works of art by the Recreation and Park Commission which, upon search thus far, has found no record of any action on the gift acceptance.

Supervisor Hongisto, seconded by Supervisor Renne, thereupon moved to table until such time as ownership of the statue is determined.

[Salaries and Wages]

Ordinance fixing, designating, enumerating and providing schedules of compensation for persons employed by the City and County, San Francisco Community College District and the San Francisco Unified School District, whose compensations are subject to provisions of Sections 8.400, 8.401 and 8.407 of the Charter, and establishing working schedules and conditions of employment and methods of payment; effective July 1, 1982. (Civil Service)

File 106-82-2, Ordinance No.

Statement by Supervisor Richard D. Hongisto Relative to  
Salary Standardization Ordinance for Miscellaneous Employees

Foreword

The Salary Standardization recommendations for miscellaneous employees for fiscal year 1982-83 have been prepared under the procedures mandated by Charter Section 8.407. The Civil Service Commission has certified to the Board of Supervisors the prevailing basic pay rates for miscellaneous employee classifications, utilizing the formulae and procedures required by those Charter provisions.

The Board of Supervisors is mandated by the Charter to fix basic rates of pay as close as reasonably possible to the prevailing rates certified by the Civil Service Commission, and shall not set the maximum rate for any class in excess of the maximum prevailing rate for that class. Also, no employee shall have his basic pay rate reduced by the process. The proposed Salary Standardization Ordinance which is before the Board conforms to those requirements.

All data regularly submitted has been evaluated with extreme care, has been referred to the Civil Service Commission for review and analysis, and has been returned to the Board with such revisions and certifications as the Commission deemed warranted.

All interested parties were given an opportunity to be heard fully and publicly, Civil Service Commission certifications and determinations as originally submitted and as revised, have been reviewed comprehensively and intensively by the Committee during long hours of careful consideration.

The estimated cost of the salary increases in the proposed ordinance certified by the Civil Service Commission is \$40,640,243. The estimated cost of the working conditions and benefits recommended by that Commission together with those proposed as a result of meet-and-confer sessions with employee organizations will be \$109,951 for an approximate total of \$40,750,194. The portion to be borne by the general fund is estimated at \$29,339,975. The foregoing estimated costs have been provided by the Controller.

Documentation

Each member of the Board has received a copy of:

(1) The Civil Service Commission's report of the Salary and Wage Survey dated January 4, 1982, and the proposed schedules of compensation as certified by the Commission for classifications subject to the provisions of Charter Sections 8.400, 8.401, and 8.407, together with the Commission's letter of transmittal dated January 22, 1982.

(2) The Commission's letter to the Board of Supervisors dated March 12, 1982, transmitting the Commission's certification of updated salary information for classifications subject to the provisions of Charter Sections 8.400, 8.401 and 8.407, was received by the Committee prior to its last meeting, and is contained in the Board file.

The foregoing constitute the Civil Service Commission certifications and recommendations. Also received by each Board member was a copy of the proposed Administrative Provisions, together with proposed amendments to those Provisions.

#### Administrative Provisions-Working Condition Benefits

The Legislative and Personnel Committee studied carefully the Civil Service Commission's determinations and certifications as to Administrative Provisions, as well as others which were submitted by department heads or by employees. It gave close attention to both verbal and written representations by interested individuals and organization representatives, and referred those provisions to the Employee Relations Division for the meet-and-confer process.

Pursuant to Charter Section 8.407 and opinions of the City Attorney, the Board of Supervisors through its designated representative is required to meet and confer with employees and employee organizations on matters within the Board's jurisdiction. The issues within the Board's jurisdiction have been basically defined as only those Administrative Provisions of the Salary Standardization Ordinance, including hazard pay when certified by the Civil Service Commission, as prevailing for the employees in the areas surveyed by the Civil Service Commission.

The full Board, in February 1982, agreed to authorize the Employee Relations Division to meet with recognized employee organizations within the parameters set by this Board. The matters discussed below and presented to the full Board today are the result of utilizing this procedure.

In the past three months the Employee Relations Division met and conferred with eighteen recognized employee organizations. By the mandated Charter deadline of March 15, agreements had been attained with fourteen organizations.

Pursuant to Charter Section 9.108 the last demands of the employee organizations with which the Board did not reach agreement may be placed by the employee organizations on the ballot at the next general election for voter approval or rejection. To date no organization has made such a request.

The issues agreed to between the Board of Supervisors through the Employee Relations Division and the various employee organizations fall into two categories: (1) those agreed upon issues which should be included in the Administrative Provisions of the Salary Standardization Ordinance; and (2) those agreed upon items which need only be included in a memorandum of understanding to be effective and enforceable.

The Employee Relations Division was instructed to make every possible effort to keep new money expenditures at an absolute minimum during negotiations. Agreements were achieved primarily on the basis of an understanding to continue previously negotiated and

existing provisions, with some adjustment for inflation. In certain instances, a cost benefit which is presently in existence and being paid to employees was extended to employees working under similar conditions.

Revisions to the Administrative Provisions of the Salary Standardization Ordinance and amendments to contract language which involved no cost were also agreed upon. Additionally, the Employee Relations Division met and conferred on proposals submitted to the Board of Supervisors by the Civil Service Commission and by appointing officers. The final proposed revisions to working conditions and the agreed-upon changes were particularized and presented to the Legislative and Personnel Committee on March 18, 1982 and have been distributed to the members of the Board and other interested parties.

As in the past the Employee Relations Division will make all concerned parties aware of the agreements and working condition changes and do all that is possible to insure that the agreed upon issues are implemented.

The Committee recommends that the Board approve and adopt the Administrative Provisions as submitted today.

#### Schedule of Compensations

The schedule of compensations which is now before this Board has been certified by the Civil Service Commission as conforming to the provisions of Charter Section 8.407 relative to prevailing rates, and reflecting the data developed from the Commission's initial salary survey for 1982-83, approved January 22, 1982, and from an updating of that survey submitted by the Commission on March 12, 1982.

It is not feasible to set forth herein the details of those schedules. I shall, however, outline significant aspects of the schedules which the Legislative and Personnel Committee believe should be noted by Board members and the public.

Salary increases submitted by the Civil Service Commission would affect approximately 18,538 employees, and are estimated to cost approximately \$40,750,194 with the cost to the City and County general fund being estimated at \$29,339,975. This figure includes basic salaries, internal adjustments, and costs for the City's contribution to retirement and social security funds. It does not relate to costs for employees of the San Francisco Unified School District or the Community College District. The weighted average salary increase is 10.1%.

#### Conclusion

The recommendations submitted today constitute the Civil Service Commission certifications, determinations, and recommendations, take into account the Commission's wage survey data, the data submitted by employee and taxpayer representatives, and reflect a number of lengthy and complex meet-and-confer sessions with many employee organizations. The recommendations of the Legislative and Personnel Committee also take into account the current serious fiscal and budgetary problems which confront the City and County.

It should be noted and stressed that Charter Section 8.407 provides that the Civil Service Commission shall determine the generally prevailing rates and the Board of Supervisors shall fix pay rates as close as reasonably possible to prevailing rates determined by the Civil Service Commission.

The counsel of all Board members was freely and fully exchanged in the course of the Salary Standardization process and related closed sessions with the Employee Relations Directors. In light of all the information which could be drawn reasonably from the information submitted, I and my Committee colleagues Nancy Walker and Harry Britt hereby recommend that the ordinance, as amended, be enacted by the Board.

We wish to acknowledge the many hours of extremely diligent work performed by the Employee Relations Division Directors Milton Mares and James Lazarus, as well as the invaluable assistance rendered by Controller John C. Farrell; General Manager - Personnel John J. Walsh; Budget Analyst Harvey Rose and their respective staffs.

#### Requests Granted

There being no objection, the Clerk was directed to comply with the following requests:

By Supervisors Silver, Molinari, Dolson and Ward, transmit copy of communication dated March 13, 1982, from the Walter S. Johnson Foundation and relating to the deteriorating condition of the roof of the Palace of Fine Arts, to the Recreation and Park Department, and request a response to comments made in such communication.

Monday, March 22, 1982

By Supervisor Silver, direct communication to the Police Department, requesting: (a) review of the information provided by the Center for Southeast Asian Refugee Resettlement concerning assaults occurring to refugees in San Francisco, and action on specific proposals made therein; (b) comment on the reported jurisdictional problem existing between the Housing Authority Police and the Police Department concerning responses to "911" calls made in the area; and (c) inquiring whether translators in Vietnamese and Cambodian languages are available to persons reporting incidents of criminal behavior so that they are able to communicate effectively with a police dispatcher.

The Supervisor also requests that a copy of the letter to the Police Department be sent to the Community United Against Violence, the Guardian Angels and the SAFE Program, requesting that these community-based patrol agencies consider developing in and amongst refugees in the Hunters Point Area a community patrol and crime watch program.

By Supervisors Silver and Walker, that the Mayor be requested to proclaim the week of April 18-24, 1982, "Victims Rights Week".

By direction of the President, pursuant to the request of Supervisor Silver, arrange for a showing of the film "The Last Epidemic" to interested members of the Board on Monday, April 12, 1982, at 1:30 p.m. in Room 228.

By Supervisor Silver, that the Mayor be requested to proclaim April 5, 1982 as "Milton Berle Day".

By Supervisor Walker, that a letter be sent to the Public Utilities Commission, inquiring whether it has considered changing its policy of accepting transfers from regular MUNI riders only with the additional payment of 50¢, and suggesting that riders who have purchased 30-ride ticket books be allowed to ride cable cars by showing a transfer plus the ticket book, or that some system be developed to accommodate occasional riders who have purchased ticket books.

By Supervisor Britt, that letter be sent to the General Manager of the Department of Social Services, requesting immediate information re the monthly cash grant and cash-based Medi-Cal funds received under the Refugee Resettlement Program or Cuban/Haitian Entrant Program which will be discontinued effective March 31, 1982. The Supervisor noted that refugees did not receive nor understand information concerning the 18-month time allotment and inquires as to what funds are available for immediate relief for refugees upon the termination of this program.

By Supervisor Britt, that a letter be sent to the Health Department, requesting information as to why there are no ramps for the disabled on Folsom Street, between 3rd and 4th Streets, at the entrance to the Moscone Center, pursuant to Section 19940.5, Part 5 of the Health and Safety Code.

By Supervisor Hongisto, that letter be sent to the Police Department and the City Attorney, requesting that they provide him with a list of all civil suits lodged against members of the Police Department within the last three years because of excessive use of force, such list to include suits against patrol specials for which the City is liable.

The Supervisor would like the Police Chief and the City Attorney to give an accounting of the personnel hours they have had to allot on such suits within the period of the last three years, the extent to which this process is tying up the office of the City Attorney by handling these cases, the amount of dollars rounded to the nearest thousand in payment of judgments against the City in such cases, and an indication of cases in which the defendants are repeat ones.

By Supervisor Molinari, that letter be sent to the Police Chief and the Fire Chief, inquiring as to whether they believe the Board should request and support State legislation to outlaw driving while loud portable stereo recorders are on in automobiles. The Supervisor has noted an increased number of people riding with stereo equipment on while driving, creating a situation where it is impossible to hear emergency vehicles.

By Supervisor Molinari, that letters be sent to the General Manager of the Recreation and Park Department and the Chief of Police, requesting their response to the many complaints he has received about groups gathering late at night in the Upper Noe Valley Park on Day Street, between Sanchez and Church Streets, who are creating a disturbance.

By Supervisor Molinari, that a letter be sent to the General Manager of Personnel, asking that the Supervisor be furnished with a copy of the Civil Service Commission resolution reprimanding Commissioner Darrell Salomon for transmitting to the President of the Board and the Mayor his ideas for budget cutting.

By Supervisor Renne, that her name be added on all appropriate records as co-sponsor of the request for hearing to consider changing the name of Portola Playground to Joe Gaggero Sr. Playground, File 132-82, currently pending in Urban and Consumer Affairs Committee.

By Supervisor Renne, that letter of inquiry be sent to the General Manager of the Department of Social Services and to the Budget Analyst, requesting them to assess the impact on San Francisco's disabled community of policies of the Reagan administration governing Social Security benefits to disabled beneficiaries.

Requests Granted

There being no objection, the Board directed the Clerk to comply with the following requests:

President Molinari requested that a memorandum be sent to Board members requesting that, before preparing material for introduction on Mondays, they check the Mayor's Letter and Clerk to Act of the previous few weeks to determine if something already has been introduced on a particular subject to avoid duplication of effort.

Supervisor Silver requested that a letter be sent to the Recreation and Park Department, inquiring as to its policy re allocation of softball fields to various softball teams in view of the communication received from the Vet Center that the Veterans Center "D" league softball team has been dropped from this spring's competition.

Supervisor Britt requested that a letter be sent to various city and county departments, requesting information as to what benefits, services, or special rights or privileges are available within their jurisdictions either to the spouses of City employees or the spouses of recipients of City services or City benefits, as opposed to others who are involved in non-traditional domestic partnerships.

Supervisor Britt requested that a letter be sent to the Department of Public Works, inquiring as to why Ford Street is often not swept on posted days, what kind of accountability is provided within the system to assure that streets are swept on posted days, and what steps citizens should take when streets are not swept.

Supervisor Britt requested that a letter be sent to the Department of Public Works, asking it to look into the condition of a large lot at 3745 Ulloa Street, between 38th and 39th Avenues, because of complaints of trash at that location from neighbors.

Supervisor Hongisto requested that a communication be sent to the Director of Public Works, inquiring whether any special short-term parking meters have been changed from 15 minutes to 30 minutes pursuant to Ordinance No. 80-82, asking that he provide information as to how many and which short-term parking meters will permit a maximum parking time of 15 minutes, when the remaining meters will be replaced or changed to allow a maximum parking time of 30 minutes and where the 15 minute meters will remain.

Supervisor Molinari requested that a letter be sent to the City Attorney, inquiring as to whether Section 6.05 of the Park Code applies to empty taxicabs proceeding through Golden Gate Park from one part of the City to the other as the Police Department is, in fact, citing taxicabs under that section of the Code when they go through the park without fares. The Supervisor requests an expeditious response so that such response may be forwarded to the Recreation and Park Commission.

Supervisor Walker requested that the City Attorney be asked to review relevant Office of Housing and Community Development contracts (including those of the San Francisco Redevelopment Agency), for the purpose of drafting language for insertion into said contracts that would allow the Office of Housing and Community Development to recapture Community Development Block Grant funds.

Supervisor Ward requested that a letter be sent to the appropriate department concerning the transport of highly explosive material from Everett Junior High School on Monday through residential areas to Candlestick Park, inquiring as to what the standard procedure for transportation of such hazardous materials is, why the material was taken to the Candlestick Park Area and not to the Presidio, and what steps are taken for the protection of civilians in such instances.

passage of this ordinance would bring San Francisco into conformity with what is now considered to be law.

MEMORANDUM

March 5, 1982

TO: Gilbert H. Boreman  
Clerk of the Board of Supervisors

FROM: David I. Kroopnick  
Deputy City Attorney

RE: Legislation to Delete Limitations on Contributions in Ballot Measure Campaigns

A request has been made of this office to draft an amendment to Chapter 16, Article XII, Section 16.508 of the San Francisco Administrative Code so as to delete the limitations on contributions to ballot measure campaigns. The need for this amendment arose with the decision of the United States Supreme Court in Citizens Against Rent Control v. Berkeley (1981) \_\_U.S.\_\_, 70 L.ED.2d 492, 102 S. Ct. \_\_. The Court held that Berkeley's limitation on contributions to ballot measure campaigns violated First Amendment rights of association and speech.

We believe that it would be appropriate to introduce this legislation at the Board's earliest opportunity.

Supervisor Nelder requested that a letter be sent to the District Attorney, the Chief Administrative Officer, the Mayor and the Director of Property, inquiring as to whether it is true there is no room available for victims of crime or families of such victims in which to relax during a trial and, if it is true, requesting that such a facility be developed and made available to such persons.

Supervisor Nelder requested that a letter be sent to San Francisco's congressional delegation, requesting that they contact all appropriate federal officials, particularly the head of the Coast Guard, to urge that the official Coast Guard headquarters in this area be maintained in San Francisco instead of being transferred to Oakland.

Supervisor Nelder also requested that a letter be sent to the head of the Coast Guard, pointing out the City's geographic prominence upon entry into San Francisco Bay and its history of cooperation with maritime operations, and making the same request for reconsideration of maintaining the Coast Guard headquarters in San Francisco.

File 37-82-5.2

Supervisor Silver, seconded by Supervisor Dolson, moved adoption.

Monday, May 10, 1982

On questioning, Deputy City Attorney Alice Barkley advised that the issue of whether or not the applicant had substantially complied with Section 302(e) of the City Planning Code was one to be determined by the Board. She further advised that if the Board were to determine there was substantial compliance on the part of the applicant in that the application for the permit was filed on the same day as the application for reclassification and that the interim controls triggered by the reclassification would not apply to the particular permit application, then the applicant would not have been required to file for a conditional use permit and the calendared measure would not be properly before the Board.

On further questioning, Ms. Barkley advised that it would be appropriate for the Board to remand the matter to the Department of City Planning in order to determine what happened to the application.

Supervisor Silver thereupon moved to remand the issue to the Department of City Planning for determination of the compliance issue and the discretionary review issue. Motion lost for want of a second.

Supervisor Silver, seconded by Supervisor Kennedy, moved that the Board make a finding that the applicant was in substantial compliance with Section 302(e) of the City Planning Code.

Motion failed adoption by the following vote:

Ayes: Supervisors Dolson, Silver - 2.

Noes: Supervisors Britt, Hongisto, Kennedy, Kopp, Molinari, Nelder, Renne, Walker, Ward - 9.

#### Explanation of Parliamentary Procedure

The Chair explained the parliamentary procedure as follows: "An 'aye' vote will disapprove the decision of the City Planning Commission and grant the application for a conditional use. A 'no' vote will approve the decision of the City Planning Commission and deny the application for the conditional use. It requires eight 'aye' votes to disapprove the decision of the City Planning Commission."

Refused adoption by the following vote:

Ayes: Supervisors Dolson, Silver - 2.

Noes: Supervisors Britt, Hongisto, Kennedy, Kopp, Molinari, Nelder, Renne, Walker, Ward - 9.

May 11, 1982

Mr. John L. Taylor  
Acting Clerk of the Board  
Board of Supervisors  
City and County of San Francisco  
Room 235, City Hall  
San Francisco, California 94102

Dear Mr. Taylor:

Your letter dated May 5, 1982, and postmarked May 6, 1982, was received May 7, 1982. Though the letter does not specifically request a response, I consider a reply appropriate.

In the first place, and this should be particularly clear to members of the Board in light of last week's publicity, the investigation which was undertaken by this office in cooperation with nine county District Attorney's offices, was structured in such a way and sufficiently circumscribed so as to ensure that no public announcements would be made that an investigation was underway or that a particular problem with the electoral process existed until we had first identified that there was a problem that required action and, secondly that a public announcement of a sort be agreed upon between the District Attorneys and this office should be made.

Furthermore, and in my judgment, it was only the hysteria whipped-up by certain special interest groups aided and abetted by public officials with no understanding of the limited objective of the inquiry, that distorted the true picture and portrayed this inquiry as a "sinister plot" to weed out illegal aliens, which it never was.

Had anyone taken the time and trouble to call me to find out the true nature and scope of the inquiry before expressing "outraged indignation," they could have contributed significantly to a full and fair understanding of the fact that the investigation was limited to identifying non-citizens registered to vote who would be perceived by law enforcement, at most, as victim/witnesses and as potential criminal subjects. In doing otherwise and seizing on the opportunity to get media attention for themselves, their misstatements may very well have dissuaded eligible persons from registering to vote. Charged as I am with the responsibility for ensuring the integrity of Federal elections conducted in the Northern District of California, I, perhaps more than most, am chagrined at this prospect, but I have neither the authority nor disposition to curtail public comment no matter how inappropriate or erroneous it may be.

The Board's criticism that the investigation was ill-timed belies a fundamental ignorance of the consequence of failing to take reasonably prudent steps to deal with a serious problem, if in fact a serious problem is determined to exist, before the situation is exacerbated. I suspect that had this investigation commenced after the June 8 primary and had it led law enforcement authorities to conclude that the June 8 primary was tainted by ineligible persons casting ballots, challenges to the legality of the election result might very well have been made throwing the Constitutional process of election into turmoil. An extensive and all-inclusive investigation would have been necessary with the results analyzed against the backdrop of the effect on the election outcome and the further possibility of new elections at considerable expense to candidates and counties alike occurring. And probes are not new, especially in San Francisco, where local prosecutors have undertaken such investigations in advance of elections and in one instance on the eve of the November 1975 election at the instigation of the author of the present resolution.

Finally, the resolution suggests that it would have been more appropriate for us to have conducted a Federal investigation with no interaction, assistance or input from county offices. The criticism is misplaced. The Board members, and especially those who are attorneys, should be aware that the District Attorney have at least as great a responsibility for ensuring the integrity of an election (and a primary responsibility with respect to state and local issues and offices) as the U.S. Attorney has. It is incongruous to suggest that our respective offices should operate at cross-purposes or in ignorance of the other's actions with respect to elections that involve both state and local issues and offices on the one hand and Federal offices on the other. Moreover, any of the nine District Attorney's offices whose cooperation was solicited had the opportunity well in advance of the date of the Board's resolution, to criticize the investigation or the procedures outlined, or suggest alternatives and none objected.

I appreciate that the Board has seen fit in the post to express its views on matters, even to the extent of applauding or condemning foreign policy decisions. And while I recognize the

right of any citizen, including members of the Board of Supervisors, to speak out on matters of general interest even if beyond the jurisdiction of the Board, suggesting to the Federal government what investigation should be undertaken and how investigation should be conducted is, in my judgment, as inappropriate as would be their direction to a District Attorney to prosecute or not prosecute, to investigate or not investigate matters within his jurisdiction as mandated by the laws of the State of California.

I trust that the foregoing will adequately explain my position with respect to this and any other investigation that may be undertaken by this office. I trust that you will disseminate my comments to members of the Board of Supervisors as you see fit. I request that this letter be spread on the Minutes at the appropriate meeting of the Board so as to show that the concerns expressed by its resolution have addressed and responded to.

Very truly yours  
JOSEPH P. RUSSONIELLO  
United States Attorney

P.S.: May I remind the Board that as recently as August 19, 1981, they contemplated requiring proof of citizenship at the polling place, presumably because they perceived a problem existed such as we are addressing. See enclosed letter from Michelle Corwin, Senior Analyst.

Enclosure

August 19, 1981

Mr. William T. McGivern, Jr.  
Assistant U. S. Attorney  
Chief, Civil Division

As we discussed in our telephone conversation, the Board of Supervisors of the City and County of San Francisco is holding hearings on changes in the manner in which citizens register to vote. The specific change being considered by the Board of Supervisors include the following:

- Requiring citizens to appear in person at the Registrar of Voter's Office to register to vote; and
- Requiring citizens to show personal identification and proof of citizenship to register to vote.

A position statement from either the U.S. Attorney or the Justice Department with regard to these proposed changes would be most helpful. It the changes are opposed, and explanation of the basis of the opposition (i.e., relevant code sections or court decisions) would be appreciated.

If you have any questions with regard to this request, please contact myself or Mr. Ken Bruce at 558-2641.

Sincerely,  
Michelle Corwin  
Senior Analyst

Supervisor Kopp requested that a letter be sent to the District Attorney, inquiring as to whether he has indeed taken the position reported in the newspapers that he will not cooperate or participate in any way with the investigation of the United States Department of Justice into illegal registration or the potential for illegal voting in San Francisco.

File 258-82, By Supervisor Molinari: To consider whether tour bus and van operators should be required to carry safety cones to warn oncoming traffic of disembarking passengers. Referred to Transportation and Traffic Committee.

#### Requests Granted

There being no objection, the Clerk was directed to comply with the following requests:

Supervisor Molinari requested that the City Attorney be asked to prepare appropriate legislation to require tour bus and van operators to carry safety cones which should be placed in such a position as to warn oncoming traffic of disembarking passengers.

Supervisor Dolson requested that a letter be sent to the Director of Purchasing, requesting information, including rationale for awarding a contract for the purchase of poultry and meat to outside-of-City contractors who are not paying San Francisco taxes.

Supervisor Britt requested that a letter be sent to the Water Department, asking what effect the flushing of water pipes has on the quality of tap water during the period of flushing, whether the brackish water resulting therefrom is a health hazard, what steps are taken to warn people that pipes are going to be flushed, and if no warning is given, why not, and what measures does the department plan to take in the future to warn citizens of possible health hazards connected therewith.

Supervisor Nelder requested that letters be sent to the Chief Administrative Officer and the General Manager of the Water Department, requesting that the following persons be assigned to attend the Energy and Environment Committee Meeting on June 4, 1982 at 2:00 p.m., in Room 228, City Hall: Al Zika, Technician, Water Quality; Fred Wing, Senior Chemist; Shank Gupta, Assistant Manager, Water Quality; Harry Tracy, Manager, Water Quality; Mike Conroy, Water Inspector; Steve Leonard, Former Sr. Biologist, Water Quality,

now Supervisor of Laboratory of Bureau of Water Pollution; Eugene Kelleher, General Manager; Gilbert Bendix, Manager, Peninsula Division; Edward Fonseca, Assistant Manager, Peninsula Division; Chris Anderson, Superintendent of Treatment; Cruz L. Gallindo, Airport; and Jim Brennan, Senior Engineer, Peninsula Division.

Supervisor Nelder requested that a letter be sent to the Mayor, enclosing bills totalling \$270.92 from the Water Department which were sent to Mr. Robert Guichard, a volunteer from her office, and inquiring whether it is standard operating procedure by departments under her jurisdiction to bill members of the Board for copies of material from department files.

In connection therewith, Supervisor Nelder requested that a letter be sent to the City Attorney, requesting his opinion as to whether the bill sent to Mr. Robert Guichard, her volunteer, for copies of a Water Department file is appropriate, and whether such charges are customary or, as reportedly remarked by the Utilities General Counsel, initiated with the Supervisor's inquiry.

Supervisors Hongisto and Molinari requested that a letter be sent to the Director of Purchasing and Water Department, to determine whether it is true that \$2,800 has been spent repairing a 1968 Cadillac and, if so, the justification therefor.

Supervisor Hongisto requested that a letter be sent to the Chief of Police, asking what steps the police are taking to stop the rash of burglaries on the unit block of Douglass Street.

Supervisor Hongisto requested that a letter be sent to the Department of Public Works, requesting that a study be made of the partial block comprising 1912-1936 Divisadero Street, to determine if it might be included in Preferential Parking Area "G", and further requesting that the department draft appropriate legislation to include this partial block in said preferential parking area.

Supervisor Ward requested that her name be added as co-sponsor of resolution supporting the State Gun Control Initiative, File 12-82-21.

Supervisor Molinari requested that a letter be sent to the Mayor, bringing to her attention the published letter to the editor from San Francisco's Legislative Advocate in Sacramento endorsing Proposition 9, and requesting the Mayor to look into the matter as the issue is an important one to Northern California. The Supervisor noted that he is certain Mr. Gerber also represents interests in Southern California.

Supervisor Ward requested that a letter be sent to the Director of Public Works, asking him to investigate the possibility of removing the parking meters from the 2000 block of Sutter Street and the 1800 block of Fillmore Street, between Sutter and Bush.

Tuesday, June 1, 1982

Supervisor Nelder, on behalf of Supervisor Kopp, requested that a letter be sent to the Mayor in reference to the statement in her letter of May 21, 1982 which accompanied her return of File 215-82 with her signature, asking what she means by the following: "...there will be a short delay before the Public Utilities Commission considers and adopts lifeline water rates." The Supervisor requests information as to how long is meant by "a short delay".

Supervisor Hongisto requested that letters be sent to the Mayor, Chief of Police, the Police Commission and the Civil Service Commission, pointing out the following:

That the Police Department has an affirmative action program for minorities which does not include consideration of members of the gay community;

That the Board of Supervisors approved a resolution indicating that gays should be included in the affirmative action recruiting effort and that this has not been done;

That in the past, the Mayor and a majority of the Board of Supervisors have expressed support for equal treatment of members of the gay community;

That as Sheriff, the Supervisor recruited many gay people to work as Deputy Sheriffs who proved generally to be exemplary employees;

That there is no justification for discrimination against gay people;

That the International Association of Chiefs of Police has adopted a position statement against the hiring of gays nationally and that past patterns of discrimination nationally and locally need to be overcome;

That San Francisco, of all places, should not sit idly by while the problem goes unaddressed; and urging the Mayor, Police Commission, Chief of Police and Civil Service Commission to prepare whatever supplemental is necessary to fund and institute a gay component to the affirmative action/minority recruitment program.

#### Motions Adopted:

Supervisor Britt, seconded by Supervisor Hongisto, moved that letter be directed to the Chief of Police, drawing his attention to, and advising of reaffirmation of, the commitment of the Board to honor terms of the consent decree regarding minority recruitment of police officers, including special training classes for minority applicants and members of the gay and lesbian communities of San Francisco.

June 9, 1982

Mr. John L. Taylor  
Acting Clerk, Board of Supervisors  
City and County of San Francisco  
Room 235, City Hall  
San Francisco, California 94102

Dear Mr. Taylor:

This Board has been previously advised by the City Attorney that Proposition L, which was passed by the voters yesterday, will become effective when it is accepted and filed by the Secretary of State pursuant to California Government Code Section 3446. At that time, the term of office of the incumbent President of the Board of Supervisors expires and the office will be assumed by the member of the Board who received the highest number of votes cast at the November 4, 1980 supervisorial election.

I have been advised that acceptance and filing by the Secretary of State may take place as late as five weeks after the election thus leaving the exact moment of effect uncertain. It is my intention to implement the wishes of the voters and to make every effort to allow for an orderly transition of the office of the President of the Board.

Therefore, I resign as President of the Board of Supervisors of the City and County of San Francisco, effective twelve o'clock noon on June 15, 1982, and request that the matter of the election of a President be placed on the calendar for Monday, June 14, 1982 so that the Board can immediately implement the intent of the voters in adopting Proposition L.

Sincerely,  
JOHN L. MOLINARI  
President of the Board
